New Textile Publications from AATCC

RESEARCH TRIANGLE PARK, N.C., USA, Thursday, April 29, 2010—AATCC membership delivers textbook discounts.

As part of its ongoing mission to encourage textile research, education, and communication, AATCC now offers books from the Woodhead textile series. Customers can order the books at the same time they order the latest *AATCC Technical Manual* and other publications or quality control supplies.

Each volume addresses a topic of special interest within the textile community. Written and edited by experts in the field, the books provide practical, up-to-date information and a thorough understanding of the subject matter. Books can be used as reference material, for industrial or academic research, or as textbooks.

Available titles include:

- *Chemical Finishing of Textiles* (#32)
- *Chemical Testing of Textiles* (#40)
- *Total Colour Management in Textiles* (#49)
- *Nanofibers and Nanotechnology in Textiles* (#67)
- *Fabric Testing* (#76)
- *Smart Clothes and Wearable Technology* (#83)
- *Sustainable Textiles* (#98)

Additional titles available by special request. Please contact Suzanne Homes at holmes@aatcc.org or +1 919 549 3537 for pricing.

To order, visit www.aatcc.org/products. Choose “Order Products Online” and search by title or browse all publications. Orders may also be placed by email (orders@aatcc.org) phone (+1 919 549 3526) or fax (+1 919 549 8933).

AATCC members' discount saves US\$20-\$30 on each book purchased.

ABOUT AATCC: *AATCC is the world's leading not-for-profit association serving textile professionals since 1921. AATCC, headquartered in Research Triangle Park, N.C., USA, provides test method development, quality control materials, and professional networking for members in about 60 countries throughout the world.*
