WEBINARS ON YOUR SCHEDULE

RESEARCH TRIANGLE PARK, N.C., USA, Friday, February 18, 2011—
AATCC is hosting a series of webinars on dyeing textile fabrics. The next webinar is scheduled for March—Nelson Houser of M. Dohmen USA will present a live webinar on direct dyes. In April, Swain Bennett of Clariant Corp. will present a webinar about sulfur dyes.

The previous five webinars in the AATCC dyeing series were recorded, and are now available for online viewing. Other recorded webinars cover disperse, fiber reactive, acid, and vat dyes. A new offering is added each month.

Live and recorded webinars are available for US\$99 for AATCC members, and US\$149 for non-members. The first seminar in the series, "An Overview of Dye Classes" is available from the AATCC website at no cost.

To register for live or recorded webinars, visit: www.aatcc.org/events/online
Contact Kim Nicholson (+1 919 549 3535; nicholk@aatcc.org) for a code to obtain the AATCC member discount.

AATCC is always working to provide the best tools to fulfill our mission of providing continuing education to members and other textile industry professionals. Take advantage of significant member discounts today!

ABOUT AATCC: *AATCC is the world's leading not-for-profit association serving textile professionals since 1921. AATCC, headquartered in Research Triangle Park, N.C., USA, provides test method development, quality control materials, and professional networking for its members around the world. Additional information is available at www.aatcc.org.*
