Dear Ms. Hibbard:

It is with humility and profound gratitude that I accepted the AATCC Foundation/ Color Solutions International Textile and Apparel Design Scholarship for the 2014-2015 school year. This scholarship will continue to allow me to pursue my studies at Bucks County Community College. It is such a privilege to be accepted for this award. I am genuinely and deeply appreciative of your support in order for me to continue my education at Bucks County Community College.

Without scholarship patrons like you, your colleges, and the entire AATCC Foundation, I would be unable to pursue my education, and to be able to continue to design and work with the textile industry.

Thank you again for your generosity and support. I look forward to the time when I am able to make contributions to the textile society and return the generous favor.

I would be honored to attend the AATCC International Conference and will keep in touch in regards to doing so.

Sincerely,

Christine Petroni
