

Table of Contents

1 Green Synthesis, Printing Performance, and Antibacterial Activity of Disperse Dyes Incorporating Arylazopyrazolopyrimidines

By Tawfik A. Khattab, National Research Centre, Cairo; Mohamed H. Elnagdi, Cairo University; and Karima M. Haggaga, Amal A. Abdelrahmana, and Sherif Abdelmoez Aly, National Research Centre, Cairo

Key Terms

Antibacterial, Disperse Dye, Microwave Irradiation, Polyester, Printing, Pyrazolopyrimidine

DOI: 10.14504/ajr.4.4.1

9 Effects of Liposome-Assisted Peroxide Bleaching on Woolen Fabric Properties

By Gülşah Ekin Kartal, Ayşe Merih Sarıışık, and Gökhan Erkan, Dokuz Eylül University; and Evrim Aslı Öztürk and Bahar Öztürk, Setaş Kimya Sanayi A.Ş.

Key Terms

Bleaching, Hydrogen Peroxide, Liposomes, Wool

DOI: 10.14504/ajr.4.4.2

16 Spectroscopic Studies of Sodium Dodecyl Sulfate and Sudan Red III Associations in Solutions

By Nong Wang, Hong Lin, Min Zhao, and Rong Xiao, Lanzhou Jiaotong University

Key Terms

Alcohol, Association Equilibrium Constants, SDS, Sudan Red III

DOI: 10.14504/ajr.4.4.3

22 Influence of Various Pre-Treatment Processes on Selective Oxidation of Cotton Yarns

By Emilija Toshikj, Igor Jordanov, Vesna Dimova, and Biljana Mangovska, University Ss. Cyril and Methodius

Key Terms

Cotton, Enzymes, Oxidation, Scouring, Surface Modification

DOI: 10.14504/ajr.4.4.4
