2018 Apex Award Presented to AATCC for Feature Article in *AATCC Review*

RESEARCH TRIANGLE PARK, N.C., USA, July 18, 2018—AATCC has won yet another Apex award for its September/October 2017 feature article in the *AATCC Review* by Kilara Le.

The annual Apex Awards are sponsored by Communications Concepts, Inc. Over 1,400 entries were submitted for the 2018 contest. 556 Awards of Excellence and 100 Grand Awards were presented to recognize exceptional and outstanding work.

“Microfiber Shedding: Hidden Environmental Impact” was selected for an Award of Excellence in Writing in the subcategory of Green Writing. This latest award is a welcomed addition to the many previous Apex and Tabbie Awards for writing the Association’s publications have enjoyed over the years.

As well as publishing original features on major topics of interest to professionals in the textile, apparel, and related industries, *AATCC Review* also contains technical articles, and AATCC news and information. Launched in January 2014, the *AATCC Journal of Research*, a sister publication, is exclusively for peer-reviewed research papers.
