

Water Repellency and Resistance Test Methods

AATCC Test Method 22
Water Repellency: Spray Test

- Test of water repellency
- Measured by comparison to a visual scale

AATCC Test Method 70
Water Repellency: Tumble Jar Dynamic Absorption

- Test of water repellency/absorbency
- Measured by weight of water absorbed by specimen

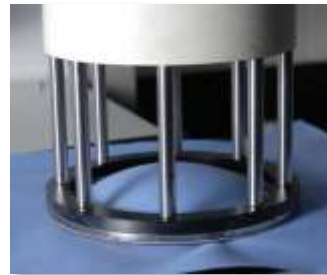

AATCC Test Method 42
Water Resistance: Impact Penetration

- Test of water penetration resistance
- Measured by weight of water absorbed by blotter paper

AATCC Test Method 35
Water Resistance: Rain Test

- Test of water penetration resistance
- Measured by weight of water absorbed by blotter paper

AATCC Test Method 127
Water Resistance: Hydrostatic Pressure Test

- Test of water penetration resistance
- Measured by pressure at which 3 drops penetrate specimen

AATCC Test Method 208
Water Resistance: Hydrostatic Pressure Test Using a Restraint

- Test of water penetration resistance
- Measured by pressure at which 3 drops penetrate specimen
