New Special Events Added to AATCC Committee Week

RESEARCH TRIANGLE PARK, N.C., USA, September 25, 2018— Every Spring and Fall, more than 40 AATCC [research committees](#) meet face-to-face to discuss and develop textile standards, conferences, educational programs, and publications. Meetings will take place in Research Triangle Park, NC, USA November 12-15, 2018.

Several [special events](#) will make the week an even more valuable opportunity to learn and influence the global textile industry:

IPC/AATCC Joint Session: Get Hands-On with E-Textiles Standards & Test Methods

Monday, November 12, 3:00-5:00 PM

IPC, the Association Connecting Electronics Industries, and AATCC will host a joint session to provide an overview of the standards projects of the IPC E-Textile Committee and AATCC's various working groups. You will also learn how IPC and AATCC are working together and how you can get involved.

The forum will include a standards and test methods brainstorming session for you to bring your organization's ideas, needs, and issues that can be resolved through industry standards.

AATCC will also have e-textiles materials and testing equipment available for attendees to get a hands-on experience with standards and test methods.

New Attendee Reception

Tuesday, November 13, 10:15-11:00 AM

If you are new to the AATCC committee meetings—or still have questions—join staff and key officers for a cup of coffee and an informal overview of what to expect, what to do, and who to ask.

Tour of Underwriters Laboratories

Thursday, November 15

Join fellow AATCC members for a tour of Underwriters Laboratories, including testing facilities for personal protective equipment and other textile products.
